

# FREESTANDING BATH INSTALLATION INSTRUCTIONS

## **NOTE:**

Freestanding bath is not designed to take weight on the rim. Do not sit or stand on the bath rim.

## **STEP 1**

Adjust the bath feet until the bath tub base is 3mm above the floor. This can be done by turning the feet bolts accordingly.

**Figure 1**

Feet set at 3mm above the floor

## **STEP 2**

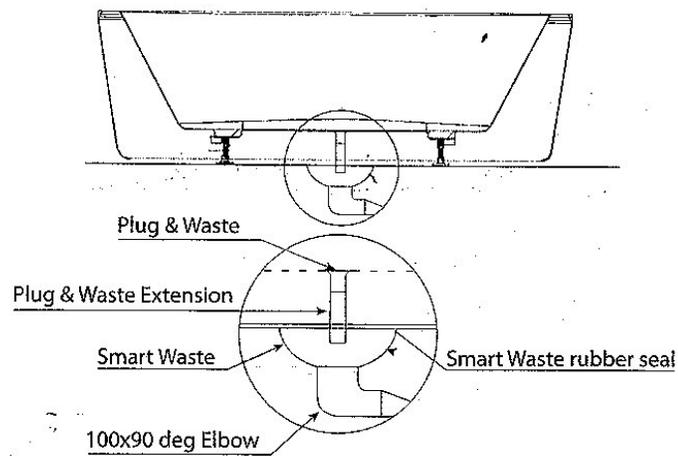

Mark the floor with the outline of the bath, at the final installation position with the marking pencil

## **STEP 3**

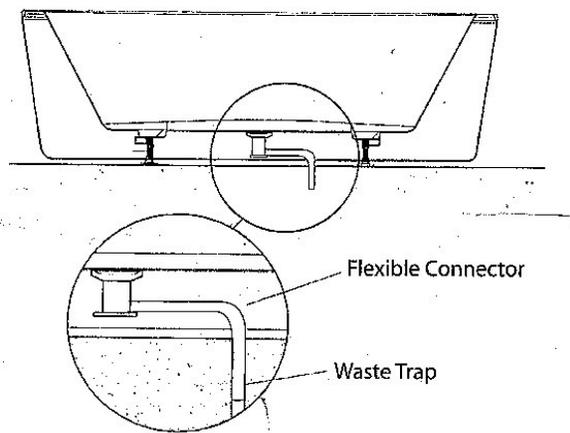

Carefully tilt bath on its side and use IPEX smart waste of flexible connector to connect waste outlet to the trap, as illustrated on figure 2 & 3.

Be sure to protect the bath surface. Damage during installation is not covered by warranty.

Installation must comply with appropriate building codes and local authority requirements.
